The MS almost certainly was an eap to begin with; the Gospels are no longer present. That this MS originally had the Gospels is evident by the quire numbers. Quire 2 is numbered κε (25). Thus, at least 23 quires (184 leaves) came before the beginning of this MS's text of Acts. With an average of 360 words per leaf in the extant MS, 183 leaves would be required for the Gospels. *What has not been factored yet are the hypotheses, kefalalaia, or Eusebian canons. But certainly, this MS originally contained the four Gospels.*

The rest of the MS is no longer extant.
