***CSNTM* description:**

Contents: H 6.7–9^v; 6.15–17^r

Date: IV

Material: papyrus

Leaves: 1 Frg

Columns: 1

Lines per page: 7^r, 8^v

Shelf Number: 292; PLaur. 142 (renumbered?)

Dimensions: 5 x 3.6 cm

Leaves: 1

Notable features:

There are three fragments encased together but, based on the color of the ink, the handwriting, the coloration of the papyrus, and the fact that only one is written on both sides, they are from three different MSS.

P89 is the only one of the three fragments written on both sides.
