Specific Details:

Originally went to Baylor Medical downtown. Has been on site at SMU since about 2000.

In 2015, Baylor Medical agreed to let SMU (Bridwell Library Special Collections) have it, not long-term deposit.

First additional leaf has been photographed with loose sliver of paper that is likely from the Brentano's sale listing.

Second full additional page is being counted as three pages:

1. Detailed outline of lectionary contents with some provenance info
2. Letter from Kenneth Clark to Detterer about the manuscript
3. The sturdy page that the previous two are attached to, that also has a purchaser's monogram and old shelf number (Cod. Gr. 1)

Has 1 blank page (f. 17) inserted where the lectionary is missing some leaves.

Hirsch or Detterer dated it to 11th Century. Brentano's dated it to 12 Cent. INTF has as 13th Cent.

Wrote out *nomina sacra* in margin and wrote out the full word whenever a word split across lines, columns, or pages.

Versified and wrote out abbreviations and line breaks.

Features price codes from two different buyers on 1b and 4a.
