¹ The published catalog, Καταλογος ελληνικων χειρογραφων του μουσειου μπενακη (10ος – 16ος αι.) Athens: 1991, only has MSS through the 16th century. Since this MS is later than the 16th century, it would not show up in that catalog. Three loose-leaf papers tucked inside the cover of the MS and the second leaf of the MS all say simply Μπ. 34. There is no MS 34 in the published catalog.

² The first 45 leaves are “les trios messes”

Image count: 4

UV: None.

Interesting or significant material: 35r-v 'designer' text (in the shape of a chalice). The lectionary was well used as is evident by the wax on several leaves and the soiled lower right corner of every recto page.
